**Solution Architecture**

Date	17 February 2026
Team ID	LTVIP2026TMIDS87045
Project Name	Measuring the Pulse of Prosperity: An Index of Economic Freedom Analysis
Maximum Marks	4 Marks

**Solution Architecture:**

The proposed solution architecture bridges the gap between complex economic data and user-friendly insights by integrating data sources, analytics, visualization tools, and web access into a unified system.

The architecture collects global economic freedom data, processes and analyzes indicators, generates interactive dashboards, and delivers insights through a web application accessible to users worldwide.
